Dear Dave:

Thank you for your participation and commitment to making the fifth annual 'Marine and Outdoor Recreation Expo' a great event. I appreciate your support and dedication to the event.

The expo was a success again this year with everyone enjoying the wonderful music and the many varied activities associated with marine and outdoor fun, environmental protection and education. Additionally, these children and families learned much about responsibility to the environment and the specifics of solar and renewable energy and the efforts and message of your organization. I hope that those in attendance will learn the importance of a lifetime commitment to environmental protection.

Without you and all who contributed to this event, this day would not have been possible. Your participation in the Expo shows that our area organizations want to protect Long Island and see it continue to flourish.

Thank you and I hope you will join us next year. Once the 2011 date is confirmed we will contact you.

Sincerely,

Joseph S. Saladino
